

**Be part of the
change!**

Who we are

We are a nonprofit organisation that works to provide work necessities to women that live in cycles of extreme poverty and domestic violence in vulnerable areas in Nicaragua. These women, who live in isolated communities, did not have the opportunity to finish school and have never had a proper job.

What we do

We bring about sustainable change thanks to our profound knowledge of the basic needs of the participants. We offer **workshops and talks** about training in **soft skills** and **psycho-social assistance**.

10+ years

We have experience in the development of workshops on soft skills training, psychological support to **235** beneficiaries and have changed over 1,000 lives for the better.

EMPOWERMENT
+ CHANGE LIVES

Find XtraOrdinary candidates for your company!

DID YOU KNOW ABOUT OUR WORK PLACEMENT SERVICES?

We position through our business network to women graduated from our intensive job skills training program of which have passed a process of verification and filter in order to integrate into the job market.

We offer you professional information about the graduates and allow you to begin the recruitment process in a quick and easy way.

In XtraOrdinary Women we want to support you with the selection process of your company, being a bridge between our trained graduates from our program and your company; facilitating a trained, responsible and proactive human resource.

Employ women who are qualified and committed!

How does it work?

01

Recognise your human resource necessity.

Contact us

02

We provide you with up to three candidates.

If they fulfil your requisites, you can hire her.

03

We offer you a follow up support line when you hire a graduate.

She receives 6 months of follow up and psychological support for herself and her family.

We work with companies like yours to place our graduates with soft skills and also a range of extensive options aligned with your necessities and area of work.

Our work is to support the implementation and follow up process once the candidate is in the workplace.

The hiring process is completely free.
